

DESCRIPTION

Color your smartphone

The Duo Soft cover has a rubber texture, with soft touch and non-slip finish. It combines 2 colors and 2 different materials. Its backside is made of colored transparent acrylic and its edges are made of TPU, which results in a semi-rigid structure that ensures a perfect adjustment to your smartphone. It will protect it from impacts and will keep it free from scratches.

Rubber texture

The Duo Soft cover has a rubber texture. Its soft touch and non-slip finish improve your smartphone grip. At the same time, this finish prevents fingerprints and dirt stains.

Color combination

Semi-rigid case

Its structure is semi-rigid. Its backside is made of transparent colored acrylic and its edges are made of TPU, which guarantees a total protection of the smartphone.

Main features

- Rubber texture finish. Soft and non-slip touch.
- Semi-rigid structure.
- Protects the smartphone from impacts and scratches.
- Prevents fingerprints and dirt stains.
