USB-A to Lightning Contact 12 W charge and data cable, 1 m, White

DESCRIPTION

The Contact 1 metre USB-A to Lightning charge and data cable is the perfect choice for those who value speed and convenience when charging and syncing their Apple devices. It offers up to 12 W of power and a data transfer rate of up to 480 Mbps, ensuring all your devices are always charged and synced.

Charge and sync your devices

With the USB-A to Lightning Contact cable you can charge your Apple devices with Lightning port quickly thanks to its power of up to 12 W. And with a data transfer rate of up to 480 Mbps you will be able to transfer photos, videos and files in the blink of an eye.

For Apple devices

The cable features a Lightning connector, making it the perfect charging and syncing accessory for Apple devices with this port. You can charge everything: from smartphones, to tablets, earphones and any Apple device that features a Lightning charging port.

Style and durability go hand in hand

With its minimalist design in white and a length of 1 metre, this cable will allow you to charge and sync your Apple devices in total comfort while you use them, without uncomfortable tethers. In addition, it is made of PVC, a material that guarantees durability and resistance. A cable designed to withstand intensive daily use without problems.
