KSIX 30W Wall Charger, Power Delivery, Ultra-Fast Charging, GaN, USB-C + USB-A, 1m USB-C to Lightning Cable, White

DESCRIPTION

Power, speed, and total compatibility in the palm of your hand. The KSIX charger combines USB-C Power Delivery 3.0 (30W) and USB-A Quick Charge 3.0 (18W) to charge everything from iPhone® and Samsung® smartphones to tablets, wireless headphones, handheld consoles, and eBooks in record time. It includes a 1m USB-C to Lightning cable with ultra-fast charging up to 27W, perfect for your Apple® devices. Thanks to GaN technology, you get more power in a compact size. Ideal for home, office, or travel.

Universal compatibility with USB-A and USB-C ports

One charger to keep all your devices powered. The 30W USB-C port is perfect for the latest smartphones, tablets, handheld consoles, and more. The 18W USB-A port lets you quickly and safely power other devices. From your iPhone® to your Samsung®, including headphones and wireless speakers, enjoy full compatibility with just one charger. Fewer accessories, more power ready when you need it!

A cable that does much more

No more waiting around: with the 1m USB-C to Lightning cable, you can quickly charge your devices with up to 27W of power. Plus, with Apple®'s official certification (Made for iPhone®), you're guaranteed 100% safe and compatible charging. Its sleek white 1m design is perfect for home, office, or travel. And it doesn't just charge—transfer your photos, videos, and files in the blink of an eye at speeds up to 480 Mbps.

Ultra-fast charging with Power Delivery 3.0

Make the most of fast charging with the 30W USB-C port and Power Delivery 3.0 technology. This extra power lets you charge your smartphone up to 50% in just 25 minutes and is also ideal for devices demanding more energy, like tablets. Power Delivery smartly adjusts power to protect your battery and ensure optimal performance. Faster and safer charging!

Instant power with Quick Charge 3.0

The 18W USB-A port with Quick Charge 3.0 speeds up charging for compatible devices, saving you time. Quickly charge your phone or tablet before you leave the house. This technology optimises energy delivery to improve efficiency and protect the battery from overcharging. Perfect for power banks, consoles, e-readers, and more.

GaN: power in a smaller size

Gallium Nitride (GaN) technology revolutionises how you charge: more efficient, less heat, in a smaller size. Its advanced materials allow for higher power than a traditional charger while keeping temperatures controlled even during long charging sessions. Take it with you everywhere and enjoy fast, safe charging!

Compact and durable design

Small in size, big on performance. Weighing just 47.4g and measuring 45.5 × 28.2 × 57 mm, this charger fits easily into any pocket or bag without noticing. Its minimalist white design matches any setting and is made from PC + ABS for lightness and durability. A minimalist charger built to withstand everyday use.
