Screen Protector for iPhone 14 Pro Max, TPU Reinforced Glass, Maximum Resistance, Black Flexible Edge

DESCRIPTION

The ARMOR screen protector is a real armour for your iPhone 14 Pro Max screen. A type of protection that fuses a thin layer of glass and another of TPU to achieve the maximum possible flexibility and resistance. A protector that adapts in the best way to curved screens.

Flexible edges adaptable to the screen

This type of protector has the particularity of coming with vertices that adapt to the curvature of your smartphone. This carefully studied design means that the protector adapts to your screen with the utmost precision to respect the unique design of your smartphone. A way to protect your phone while maintaining its aesthetics.

Maximum strength

The fusion between a thin layer of tempered glass and a layer of TPU makes it a real armour. All the strength a screen protector needs in a single product that combines flexibility and resistance. With this protector your phone will be safe from bumps, scratches and falls.

Black frame

Make the difference with a coloured frame that will give your phone more personality. A differential that will make your screen protector cover every corner of your smartphone screen, ensuring greater protection. Security and style in a single detail that will make the difference.
