

DESCRIPTION

The MagCharge charger for iPhone 12 is the most innovative solution for safe charging, thanks to its perfectly aligned magnets that allow the best wireless charge.

Easy and convenient wireless charging for iPhone 12

Charge the iPhone 12 quickly, without cables, and with up to 15W of power. It is only necessary to place the back of the mobile in the magnetic circle and its magnets will be fixed automatically.

Charge and enjoy

MagCharge's magnetic adjustment makes it an ideal instrument for watching movies or video conferences. It remains perfectly attached to the mobile and provides much more stability, in order to use it while charging.

Ultra fast charge

Its charging power is 15W (12 with iPhone 12 Mini).

Charger with Power Delivery

Note: to make Power Delivery fast charging possible, a 20W powered wall charge(not included) will be needed.
