

## DESCRIPTION

Cable for loading and transmitting data. Featuring a fun design inspired by the colors of nature, in this case a nice liquorice strip. Its 1.5 meter long make a very comfortable integration, as it allows more accessibility to any device while carrying out the charging function. It also makes it possible to connect devices farther away from each other, without having to put them together.

Cable type: USB Type-C to Lightning

1.5 meters long

Current: 3A

## TECHNICAL SPECIFICATIONS.
