

DESCRIPTION

Alarm Clock Retro incorporates a fast wireless charging base compatible with Android and iOS. Its design is inspired by the product trends of the 60-70s. It's the perfect charging solution for any bedside table.

Wireless fast charging

The Alarm Clock Retro alarm clock has a wireless charger for fast wireless charging (Apple and Android). Fast wireless charging is up to 10W. A 9V / 2A or higher power supply is recommended. When charging Qi wireless charging compatible devices that do not support fast charging, the charger will adapt the charge to standard speed (5W).

Retro futuristic design

The design is inspired by the 60s and 70s futuristic trends. What we call today "Retro Futurism".

12/24 hours

Alarm clock Retro may be displayed in both time systems (12 hours / 24 hours). The user can change it as it suits them best.

Temperature monitor

The alarm clock screen displays temperatures measurements in degrees ° C and ° F, also at the user's choice.

Qi compatible devices

The wireless charger is compatible with all Qi-enabled devices. It is possible to verify that the terminal is enabled with fast charging wireless technology in the user manual or by consulting the supplier. The compatible devices include (list updated 21/05):
