

## DESCRIPTION

Omni Lamp is a complete Gadget with functions such as lamp with different ambient lights, Bluetooth speaker and wireless fast charging. An ideal complement for offices, desks at home or bedside tables. In addition, it is managed through a remote control.

### Multicolored ambient light

7 colors to create the ambient you need. Cool and warm colors: red, green, violet, blue, pink, yellow and white. This lamp can create any kind of atmosphere.

### Bluetooth speaker with TWS possibility

With 5W output, the lamp will make any room even more pleasant, by being also a powerful speaker. Thus, it will not only create a visual atmosphere, but also an acoustic one. Moreover, when purchasing 2 lamps, they can be linked to each other to perform the True Wireless Stereo (TWS) function.

### Remote control

KSIX's Omni Lamp includes a remote control with which you can choose the tones of the light, the random mode, the different light intensities, turn on and off the Bluetooth function, control the music (Play, Pause, move to next or previous track, etc.) and its volume. All without having to approach the lamp.

### Wireless charging

To make Omni Lamp an even more practical gadget, the Fast Wireless Charging (10W) feature has been added for Qi smartphones.

### In the box:

- 1 x Bluetooth speaker
- 1 x AC adapter
- 1 x remote control
- 1 x User manual
