

DESCRIPTION

Charge all your devices thanks to the Ksix lithium polymer external battery. Its 20.000 mAh charging capacity will allow you to charge a smartphone more than 6 times, a tablet more than 2 times and wireless earphones more than 40 times. You will be able to charge several devices at the same time thanks to its simultaneous charging technology and its 3 charging outputs. Go wherever you want without worrying about running out of battery!

Large-capacity simultaneous charging

Its 20.000 mAh capacity will allow you to charge a smartphone up to 6,3 times, a tablet more than 2,7 times and wireless earphones more than 40,6 times. Despite its large capacity, this battery charges fully in just 6 hours. In addition, thanks to its simultaneous charging, you can charge several devices at the same time while the powerbank itself is charging.

*Test conducted with an iPhone 12 mini, an iPad mini 6 2021 and AirPods3.
Figures may vary depending on handset and battery capacity.

Ultra fast charging

Enjoy its ultra fast charging thanks to its 20 W power and its Power Delivery technology. Charge your devices completely in a very short time in a comfortable way no matter where you are.

Lithium polymer battery

The battery of this powerbank is composed of lithium polymer, which makes it more durable and safe. This material makes the battery much lighter in weight and compact in size without sacrificing its large power capacity.

LED indicators

This powerbank is equipped with 4 LED indicators that will let you know its battery level and have it fully charged when you leave the house.

Compact and elegant design

Its compact and stylish design incorporates 2 USB-A and 1 USB-C output so you can charge multiple devices at once. Take it with you wherever you go thanks to its small size of only 6,8 x 3 x 15 cm. The box includes a USB-A to USB-C cable.

TECHNICAL SPECIFICATIONS.

Weight	406.6 g
Dimensions	68 x 29.5 x 151 mm
Color	Black
Use	Portable

Type of charge	Ultra fast charge
Type of charge	Simultaneous (wall + external devices)
Max. Output (W)	20W
Technology	Power Delivery, Quick Charge
Charging time	5 - 6 hours
Capacity (mAh)	20,000
Connector type	USB-A to USB-C Cable included
Input connectors	1 x USB-C + 1 x Micro-USB
Output connectors	1 x USB-C + 1 x USB-A
