DESCRIPTION

Multifunction wireless charger with 10W power. Not only does it allow high-speed wireless charging, it also incorporates 2 USB ports to connect other items and, in addition, it may be used as support and a pen holder.

Comfortable and practical

Energy Pen Holder is a perfect complement to any office or desk. It fulfills many functions, the main one being wireless charging. As it is also designed as a desktop support, it can be used, for example, to make video calls at work, watch series or attend online classes.

2 USB ports

It features 2 USB ports to connect other tools or gadgets with a USB connection, whether they are small lamps, fans, etc.

Design oriented pen holder

It will allow its user to store their pencils and pens, being perfect for the office and adding utilities to the wireless charging. Its design is elegant and minimalist, so it will be perfect in the most modern work spaces.

Non-slip surface

Its non-slip silicone pad makes it a stable and reliable support for uninterrupted wireless charging.

Wireless fast charging

USB type C charging cable is included as well as QC 9V = 2A input for fast charging, even while operating with the Smartphone. It allows wireless charging power up to 10W.

Qi compatible devices

The wireless charger is compatible with all Qi-enabled devices. It is possible to verify that the terminal is enabled with fast charging wireless technology in the user manual or by consulting the supplier.

Technical information

- Input: QC 9V = 2A
