USB-A to USB-C KSIX 12 W charge and data cable, 1 m, Black

DESCRIPTION

With this USB-A to USB-C cable of up to 12 W power you can charge all your devices quickly and transfer files at full speed thanks to its data transmission speed of up to 480 Mbps. It is compatible with a wide range of devices and its robust design and meter-long length ensure exceptional durability and convenience.

Ensured speed

With this cable you will be able to charge your devices quickly thanks to its supported charging power of up to 12 W. In addition, you can transfer large files and synchronize your devices in the blink of an eye thanks to its data transmission speed of up to 480 Mbps.

Complete Compatibility

This is a USB-A to USB-C cable, the current compatibility standard in the market. It is compatible with all types of devices, including smartphones, tablets, earphones and many more. A versatile cable for all your technological needs!

Flexible and practical

This black cable is made of PVC, a flexible and resistant material that makes it tangle-free and durable. Thanks to its length of 1 meter you can charge and synchronize your devices with total comfort.
