

DESCRIPTION

The Ksix USB-C to HDMI adapter is the perfect choice for projecting content from your smartphone, laptop or tablet onto your TV or monitor. With an impressive 4K resolution and 60 Hz refresh rate, it guarantees an unrivalled viewing experience, boasting exceptional image quality and crispness. And with a generous length of 2 metres, it provides maximum comfort and convenience.

From one screen to another

With the Ksix audio and video adapter cable, you can seamlessly stream content from your smartphone, laptop or tablet with a USB-C* port to a TV or monitor with HDMI. Enjoy your favourite series, movies and videos, easily and simply bringing the viewing experience to a larger display.

*Not all smartphones, laptops or tablets with USB-C port are compatible with audio and video streaming. To confirm this information, we recommend contacting the manufacturer of your device.

Unparalleled quality

Discover unparalleled image quality with the Ksix audio and video adapter cable, which delivers 4K resolution and 60Hz refresh rate. Enjoy your favourite series, movies and videos in stunning crispness, taking your viewing experience to a whole new level.

2 metres of convenience

With a length of 2 metres, the Ksix audio and video adapter cable gives you the perfect convenience to play all your favourite content. Whether you're enjoying it from the sofa with your smartphone or laptop connected to your TV, this length ensures a hassle-free experience. Pure convenience at your fingertips.
