

DESCRIPTION

Fully foldable

Model with intelligent folding control.

Train different muscle groups

- Back
- Lumbar region
- Chest
- Abdomen
- Quadriceps

Made with wood

Beechwood imported from Croatia retains its natural textures and colors. It is a strong wood, soft to the touch, safe, and odorless.

Water resistance

16 paddles to agitate the water and take advantage of its resistance power. Thus, it is possible to simulate an authentic rowing experience like on a river or in the sea. With a firm and comfortable grip that does not lead to frustration.

Water tank

Water tank made with precision molding technology. For greater comfort, it prevents water leaks, ensuring that the tank pressure is not too high during training. The tank is made of polycarbonate and has a capacity of 18 liters.

Ergonomic seat

Comfortable ergonomic 3D seat for the best cushioning. Padded and made with very soft impact-resistant material.

Detail-oriented design

Metal support with a minimalist design, stable and easy to adjust.

Heavy-duty fiber belt, with superior pulling force and silent transmission.

Adjustable pedals for different foot sizes.

Silent gliding with 8-axis dual-track motion, no jamming.

Wear-resistant roller for easy and agile movement.

Stable and wear-resistant footpads.

Technical information

- Power: (12V/1A)
- Net weight: 31 KG
- Total weight: 42 KG
- Maximum load capacity: 150 KG
- Dimensions:
- 2135mm x 520 mm x 487 mm (Unfolded)
- 2180 mm x 540 mm x 550 mm (Folded)
- Packaging dimensions: 1150 mm x 540 mm x 670 mm
- Water tank volume: 18 L
- Metallic support for a Smartphone or Tablet.
- App: Yesoul Sports
- 16 blade double-layer water paddle
- Bluetooth connection

TECHNICAL SPECIFICATIONS.

Connectivity	Bluetooth 5.0
Other features	Compatibility: iOS from 4.0 and Android from 4.0
Contenido de la caja	2135mm x 520 mm x 487 mm (Unfolded) - 2180 mm x 540 mm x 550 mm (Folded)
Color	2135mm x 520 mm x 487 mm (Sin plegar) - 2180 mm x 540 mm x 550 mm (Plegada)
