

## DESCRIPTION

Magic goes beyond the screen thanks to our KSIX TV led strips. Choose from 16 RGB colors and 4 dynamic color modes and create the perfect ambiance for watching your favorite shows and movies. Grab some popcorn and settle in!

### Remote control

Getting up from the couch or bed to change the ambiance is a thing of the past. Thanks to their remote control, turning lights on and off, changing color, mode or intensity is a breeze.

### Set them up any way you want

These lights couldn't be more versatile. Not only are they cuttable, but they also include extension cords and connectors so you can adapt them to any TV. In addition, thanks to its adhesive system, they fit perfectly to the surface of your device.

### To your liking

The possibilities offered by these lights are enormous. They include 16 fixed colors and 4 color modes for the most immersive experience. In addition, the brightness of the lights is dimmable - there is no environment that can resist them!
