

## DESCRIPTION

The Studio Live MAX kit includes everything you need to assemble a video studio and record the best videos with a Smartphone. Its extendable tripod up to 160 cm allows longer shots, especially if we want to record us standing or our whole body, which makes it an ideal tool for dance or fashion videos.

### 3 light temperatures

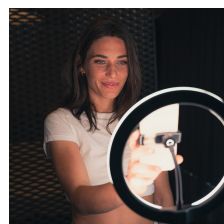

The LED ring has 3 possible light temperatures that can be adjusted using the built-in control.

### 10 light intensities

The built-in control allows you to choose from 10 possible light intensities, to always achieve the right lighting.
