

DESCRIPTION

The Contact USB-A to Lightning charge and data cable, with a length of 1 metre and Made for iPhone (MFI) certification, is the ideal choice for Apple devices with a Lightning port. Capable of supporting up to 12 W of power, it guarantees fast charge, while also offering an impressive data transfer speed of up to 480 Mbps. All this is combined with its convenient 1 metre length, ensuring a practical and efficient charging and syncing experience.

Made for iPhone certificate

The cable is certified Made for iPhone / iPad. This badge means that this accessory has been designed to connect to Lightning models of iPhone and iPad and has been certified by the developer to meet Apple's performance standards. This means that Apple guarantees that this cable is the ideal choice for charging and syncing your Apple devices with a Lightning port.

Charge and sync

The Contact USB-A to Lightning cable allows you to quickly charge all your compatible devices with up to 12 W of power. It also provides a data transfer rate of up to 480 Mbps, making it easy to sync your devices and efficiently transfer files of any type and size. A single cable with two indispensable functions.

For multiple devices

This cable features a USB-A connector and a Lightning connector, providing maximum compatibility. At one end, the USB-A connector allows you to connect it to any wall charger, computer or powerbank that has this port, using it as a charging source. At the other end, the Lightning connector allows you to charge a wide range of Apple devices, from iPhones to iPads, AirPods and more.

1 metre of convenience

The Contact USB-A to Lightning cable not only stands out for its impressive charging and syncing capabilities, but also for its convenient length of 1 metre. With this extension, you can conveniently charge and sync your devices without worrying about distance at any time.
