

DESCRIPTION

Charge your devices at full speed with Contact's multiport charger. With 2 USB-A ports so you can charge 2 devices simultaneously. The charger offers a total power of 10 W distributed between the 2 outputs to provide a fast charge. All this combined with a minimalist black design and a compact size that fits perfectly into the cigarette lighter socket of any car.

Charge 2 devices at once

The Contact car charger, thanks to its two USB-A outputs, allows you to charge two devices simultaneously. With a total power of 10 W, the charger's intelligent distribution ensures that both devices receive the necessary charge to provide the necessary charge for each device.

The ideal design

With a minimalist black design and reduced dimensions, the Contact car charger fits perfectly into the interior of any vehicle. Its functioning is simple: just plug it into your car's cigarette lighter socket and enjoy your journeys without worrying about running out of battery.
