

DESCRIPTION

Discover your best travel companion. With the Ksix Universal Phone Holder for Car you can charge your Qi-enabled smartphone wirelessly and at the same time drive and keep your phone close by - a genuine handsfree! Discover the new multifunctional holder with which you will never run out of battery again while using the GPS or playing your favourite music. Thanks to its quick charge of up to 15W you can charge 60% of your battery in just 30 minutes. Plus, it's easy and convenient to attach: just fit the clip to your car's air vents and the automatic gravity lock will ensure it fits your smartphone perfectly, regardless of the brand and model. It includes a micro-USB to USB-A cable to connect the charger to your vehicle. Now you are ready to enjoy your travel journey with the Ksix Universal Phone Holder for Car!

Charge up to 60% in 30 minutes

The multifunctionality of the Ksix Universal Phone Holder for Car will allow you to charge your phone at maximum speed thanks to its fast charge of up to 15W and, at the same time, keep it always within reach. If your device has Qi technology, forget about long waiting times: charge up to 60% of your battery in just 30 minutes (Test performed on a Xiaomi 9. Approximate values depending on device and battery capacity). Browse GPS, play music or videos and never run out of battery!

Forget about wires with Qi wireless charging

Not a single wire: the Ksix Universal Phone Holder for Car supports Qi wireless charging. One of the most efficient wireless charging technologies incorporated in a large number of smartphones, thanks to which you can enjoy all the advantages of the Ksix Universal Phone Holder for Car: keep your smartphone charged while driving and using GPS or listening to music. Qi wireless charging technology is built into a wide range of Apple, Samsung, Xiaomi, Huawei and other brands' models. You can verify whether your device is enabled with Qi wireless charging technology on our website or by consulting the supplier.

Clip system

The Ksix Universal Phone Holder for Car features a simple and secure installation system. Connect the phone holder to your vehicle with the included micro-USB to USB-A cable and attach the clip to your car's air vents. It's that easy!

Automatic gravity lock

Thanks to the automatic gravity lock, which has a width range of up to 90 mm, the holder will perfectly adapt to any smartphone model and brand. Ready in one click!

360° Rotation

Thanks to the 360 degree rotation of the Ksix Universal Phone Holder for Car, you can adjust your smartphone to the best position. A gadget that adapts to you!
