

## DESCRIPTION

### Wireless fast charger and 4 colors lamp

The Flexylight Fast Charge Wireless Charger can charge a smartphone's battery without using any cables, while it adds a color touch thanks to its 4 colors LED lamp.

### 4 colors lamp

The Flexylight wireless charger can easily transform into a 4 colors lamp (white, blue, green and red). It has a RGB mode, so that the light will change its color automatically.

### Wireless fast charge for your Android and Apple devices

This wireless charger has a fast transmission power mode of 7,5W or 10W\*, to adapt to all the devices compatible with wireless fast charge (Android and Apple). The fast charge mode allows to charge devices 1.4 times faster than the standard wireless charging mode\*\*.

The Qi charger will adapt the wireless charge to the standard mode (5W) for those Qi compatible devices which don't allow the fast charging mode.

### Compatible with Qi

The Flexylight wireless charger is compatible with any Qi device. Is possible to verify that the mobile device is enabled with Qi wireless charging technology in the user manual or with the supplier.

### Adjustable angle

The structure of the wireless charger is flexible and retractable. This way, it allows different angles to charge the device in the most comfortable position. It is also possible to fold it and carry it in a bag or backpack.

*\* If the device is an iPhone 8, iPhone 8 Plus or iPhone x, please note that the maximum fast transmission power allowed by these devices is 7.5W.*

*\*\* The fast charging mode requires a charger with QuickCharge technology 2.0 or higher (not included) and works only with Qi fast charging compatible devices, such as iPhone 8/8 Plus/X and Samsung Galaxy Note 8/S9+/S9/S8/S8 +/S7/S7 Edge/S6 Edge Plus/Note 5.*

### Main features

- Fast Charge wireless charger with 4 colors lamp
- 2 power transmission modes: a 7,5W or 10W fast charging mode for devices compatible with Qi fast charge and a 5W standard mode, compatible with Android and Apple devices
- 4 colors LED light (white, red, blue and green)
- Reduced dimensions to fold it and carry it in a bag or backpack
- Compatible with Apple and Android
- Compatible with any smartphone or mobile device with Qi technology

### Fast wireless charging

It has a fast charging wireless charger (Apple and Android). Fast wireless charging is up to 15W. When charging Qi wireless charging compatible devices that do not support fast charging, the charger will adapt the charging to the standard speed (5W). It allows charging the mobile phone horizontally and vertically.

### Minimalist design

Its design is elegant and minimalist. A perfect solution to bring harmony to your bedside table.

### Alarm clock function

QiCK goes far beyond a wireless charger. It incorporates a clock and alarm. It also displays the temperature and lets you choose between 2 display modes of its various screens (day, date, time ...): manual and automatic (changing every 5 seconds).
