

DESCRIPTION

The smartest charging for your iPhone is now at your fingertips. Our charge bundle specially created for Apple devices features a 20 W wall charger and a 1-metre long USB-C to Lightning cable with Made for iPhone (MFI) certification. With this bundle you will be able to charge all your Apple devices with a Lightning port in no time at all.

Made for iPhone guarantee

The charging pack is Made for iPhone / iPad certified. This badge means that this accessory has been designed to connect to iPhone and iPad Lightning models and has been certified by the developer to meet Apple's performance standards. With this charger and cable pack you will be able to charge your Apple Lightning devices quickly and safely.

PPS: Smart dynamic charging

Thanks to Programmable Power Supply technology, the charger offers much more efficient and controlled charging than conventional chargers by dynamically adjusting the power output to match the specific needs of the device in real time. This charging technology is compatible with devices such as Samsung Galaxy S20 Series, S21 Series, S22 Series and later; Samsung Galaxy Note 10+; Samsung Note 20 Series and later; Google Pixel 4 Series and later; among others. The charger will also offer a fast charge to any device, regardless of whether it incorporates PPS technology or not.

Fast charging with Power Delivery

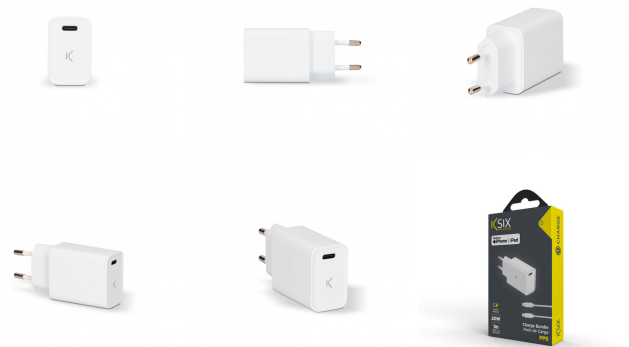

The charge bundle offers full-speed charging with Power Delivery, a fast and efficient charging technology optimised for iPhone and other brands. This charging technology offers significantly more power than conventional chargers, allowing you to charge your compatible Apple devices at full speed.

20 W wall charger

The wall charger included in the bundle not only supports PPS and Power Delivery technologies, but also provides a fast charge with up to 20 W of power. The combination of these features ensures fast, safe and efficient charging. In addition, thanks to its USB-C port, it ensures full compatibility with a wide variety of brands and devices, ranging from smartphones, tablets, earphones and more.

60 W USB-C to Lightning cable

The bundle's 1-metre USB-C to Lightning cable supports up to 60 W of charging power and is compatible with Power Delivery charging technology. This ability to support up to 60 W allows you to use it with other high-power USB-C wall chargers. And with a data transfer rate of up to 480 Mbps, the cable will allow you to sync your Apple devices with Lightning port and transfer files of all kinds in the blink of an eye.

TECHNICAL SPECIFICATIONS.

Color	White
