

DESCRIPTION

Nextool outdoor flashlight, the all-terrain flashlight. Thanks to its different functions, it will be your best partner in all your trips and adventures. In addition, it has soft silicone, comfortable and tough hand strap for an optimal grip.

Everything you need!

This flashlight offers a wide range of functions adapted to any situation: camping light, work light, alert system in case of emergency and even power bank.

Make visible the invisible

Thanks to its power of 2000lm and 380 meters of range distance, the Nextool outdoor flashlight will allow you to see beyond any limit.

Turn on the lights!

The flashlight contains a lithium high-capacity battery. Moreover, it offers an operating time of 140 hours. This way, you will never be in the dark when you need light. If battery is running low, the type-C cable will charge the flashlight in only 4 hours.

5 lighting modes in 1 flashlight

This tool adapts to your needs. At the touch of a button, you can choose between different modes: turbo, high, medium, low and S.O.S.
