

DESCRIPTION

The Amazfit GTS 3 is a benchmark in technology. Thanks to its incredible applications, managing your day-to-day life has never been so easy.

Fashionable and slim with unprecedented lightness

The Amazfit GTS 3 will ignite your passion for fashion. The ultra-sleek watch body is made of lightweight and durable aircraft aluminum alloy and weighs just 24.4. The transparent curved glass is integrated into the bezel-less design for a fully immersive display.

Easy health management

Get the health data you care about more accurately and efficiently with the Amazfit GTS 3. The advanced 6PD (six photodiode) BioTracker™ PPG 3.0 biometric sensor can track multiple health metrics (heart rate, oxygen level, sleep...) at the same time and uses optical light more efficiently.

Your best ally during training

No matter if you like team sports or if you prefer to train alone, with the Amazfit GTS 3's 150 sports modes you have it all. It intelligently recognizes your movements and records data related to eight sports.

Optimized performance

Easily find what you're looking for among the Amazfit GTS 3's apps thanks to the intuitive Zepp OS.

TECHNICAL SPECIFICATIONS.

Color	Black
Connectivity	Bluetooth 5.0
Material	Dual-layer silica
