R2B Kingsmith Connected, 12km/h, Foldable Tradmill, Foot Control Speed, With screen support, Black

DESCRIPTION

The Kingsmith WalkingPad R2B foldable treadmill with remote control offers a maximum speed of up to 12 km/h and guarantees maximum comfort thanks to its super quiet brushless motor.

Adapts to your pace

Our Walkingpad R2B could not be more innovative. Thanks to its Foot Control Speed technology, it adapts to your pace and automatically regulates its speed up to 12 km/h to ensure the best performance and maximum safety. Choose between its three training modes (adaptive, automatic and manual) and be the one to decide how you train.

LED display for maximum visualization

Its LED display panel indicates speed, distance, training time and all session data at a glance. It is strategically positioned for optimal visibility. The parameters displayed can be chosen through the app.

Super quiet

This treadmill is equipped with the revolutionary brushless motor, which considerably reduces sound (less than 65 decibels). Its shock-absorbing layer allows you to train without anyone noticing.

100% foldable

The Walkingpad R2B is the perfect travel companion. Fold it up to take it with you and store it wherever you want: with its double folding system, it's as easy as can be. In addition, its compact size (0.2 m2 and 15cm wide when folded) allows it to be stored easily, without taking up too much space.

With tablet and smartphone holder

The treadmill is equipped with cell phone holder, safety lock, handrail, anti-slip side strip and treadmill adjustment hole.

Up to 3 hours of use per day

The Kingsmith treadmill will always keep up with you. Enjoy up to 3 hours of use per day or up to 21 hours per week and let nothing stand in your way - bring out your most avid runner!

Recommended use: Allow 10 minutes rest time for every 50 minutes of continuous use.
