

DESCRIPTION

Customisable cardboard KSIX display stand, ideal for promoting products from the KSIX range at the head of your shelves, or anywhere! It has an efficient rectangular structure for easy product stacking and organisation. Customise the size and design of the display according to the needs of your business and benefit from greater visibility. A lightweight, portable and easy to assemble design, made to be placed at the point of sale and to promote short and long term campaigns. Render measures: 66x154x41cm

Designed for your business

Highlight your products in your physical shop or point of sale with the KSIX cardboard display stand. Recommended to promote KSIX best seller products with high rotation during the strongest campaigns of the year such as Black Friday or Christmas.

Custom-made

The dimensions of the display can be customised on demand based on the needs of the business to ensure maximum compatibility with the point of sale. You can also customise the design of the display to promote a specific product range and bring greater visibility.

Efficient and elegant design

The best option to present KSIX best selling products. A display stand that allows for easy product stacking and organisation thanks to its large capacity and, at the same time, to highlight your products to the maximum, providing great visibility at your point of sale. In addition, you can display a sample of the product once the sealed products have been stacked to add extra visibility.

Lightweight and portable

A sturdy cardboard structure, specially designed to be easy to assemble and set up in your shop. Thanks to its ease of transport, you can adapt its placement in different areas of your physical shop or in another point of sale and make the most of its versatility.
