

DESCRIPTION

Customisable cardboard Contact display stand with removable plastic hooks included, ideal for promoting products from the Contact range. Customise the size of the display stand according to the needs of your business and adapt the removable hooks across the surface according to the organisation, size and quantity of products. A lightweight yet sturdy design, portable and easy to assemble, consisting of a base and a display. Includes a Contact panel on the top.

Designed for your business

Highlight your products in your physical shop with the Contact cardboard display stand. Recommended for promoting the Contact range of products and specially designed to ensure high visibility according to your business and products. Ideal for the visual merchandising of your point of sale thanks to its convenient assembly and easy transport.

Custom-made

This display stand can be customised on demand, adapting its dimensions and/or design based on the needs of your business to guarantee the greatest compatibility with the point of sale.

Plastic hooks included

The 6 hard plastic hooks included with this display stand can be easily incorporated into the surface according to the preferences, organisation and products of your business. Modulate your Contact display and benefit from the greatest adaptability with a simple and effective design.

Sober and minimalist design

The best option to present the Contact range and other products in your physical shop thanks to a minimalist design. With a slightly slanted design and a simple proposal with black and white tones, you will highlight your products to the maximum and provide great visibility at your point of sale.
