Wallbox Eiffel Basic pedestal, Dual Mounting, Compatible Pulsar Plus + Commander 2, Indoor and Outdoor, IK10, Steel, Black

DESCRIPTION

The optimal accessory for your Wallbox electric car charger. Discover the new minimalist and elegant model designed to be installed at any point of charge and serve as a support for the charger when a wall is not available. It incorporates a stable stainless-steel base and an aluminum body that weighs 12 kg and measures 140 x 20 x 20 cm which, together with IK10 impact protection, makes the pedestal resistant and durable without sacrificing its compact size. With single mounting to install one charger.

For two chargers

The Eiffel Basic pedestal is the perfect choice for those who have more than one Wallbox charger, whether it is the Pulsar Plus or the Commander 2. This pedestal's design is specifically thought out to incorporate two chargers. Thus, they will be side by side and their use will be much more comfortable and enjoyable.

At the level of your Wallbox charger

An ergonomic and minimalist pedestal, yet elegant thanks to its matte finishing and sober design, which makes it the ideal complement for your Pulsar Plus or Commander 2 car charger. Optimize your charging experience by providing extra efficiency and comfort.

Lightweight, yet resistant

The Eiffel Basic pedestal is very resistant, as it has a stainless steel and aluminum construction that makes it the most durable solution to install the charger in the point of charge of your choice. With IK10 impact protection, so it can be placed outdoors without having to worry about anything.

High degree of integration

This pedestal has a minimalist design, which gives it a very high degree of integration. It has very adjusted dimensions of only 140 x 20 x 20 cm and a weight of 12 kg. Its compact and small size allows it to be installed anywhere without becoming obtrusive or cumbersome.

Easy installation

With an incredibly simple and intuitive installation, you can have your Wallbox Eiffel Basic pedestal ready in no time at all. In addition, it is fully compatible with a wide range of Wallbox products and accessories such as the Type 1 and Type 2 Socket, the Berlin Holster Type 1 and the Rain cover for Copper SB.
