

DESCRIPTION

Discover the latest in back protectors. Thanks to our back protective films, the safety of your device is more than guaranteed.

Universal

They are extremely versatile. Thanks to our Ksix cutting and customization machine, it is possible to cut the films to perfectly fit any device.

Easy to apply

Thanks to its adhesive system, it adheres perfectly to any back and protects it without peeling off.

Customizable

Together with our Ksix cutting and personalization machine, these films are the ultimate in back protector customization. They support color image printing and offer very high quality results.
