

DESCRIPTION

The MATTE case is flexible which makes it really easy to attach to your Samsung Galaxy S23. Its sober and elegant design with an almost matte finish makes this case model a favourite. It is also compatible with wireless charging.

Resistant to anything

Its inner material will protect your smartphone from scratches and bumps. The edges of the case fit all proportions, protecting the corners. The MATTE Case is completely non-slip for a full grip.

Careful design

Good taste also goes into your choice of smartphone case. This product is distinguished by an almost matt finish. It is lightweight and sober in appearance, designed to match your different styles.

Anti-scratch and anti-fingerprint

Your MATTE case has been created to avoid any kind of imperfection. Designed to avoid scratches, thanks to the resistance of its anti-shock material, it prevents any incident from generating an impact. It is also anti-fingerprint thanks to its surface that prevents you from staining your smartphone with your hands.
