

DESCRIPTION

Charge your devices on the go with this 30.000 mAh capacity powerbank that will allow you to fully charge a smartphone more than 9 times on a single charge. With 3 outputs, so you can connect other devices beyond your mobile phone. Enjoy simultaneous charging at 20 W and connect your earphones, smartwatch or tablet at the same time so they never run out of power.

Many charges on a single charge

Thanks to a high capacity of 30.000 mAh, this external battery will provide endless charges for all your devices just by charging it for 7-8 hours. Charge your smartphone more than 9,4 times, your tablet more up to 4 times or your wireless earphones up to 60,9 times* and forget about leaving your devices without battery when you are away from home.

*Tests conducted with an iPhone 12 mini, an iPad mini 2021 and AirPods 3. Values may vary depending on handset and battery capacity.

Ultra fast charging and Power Delivery

The 20 W of power of this powerbank can charge the battery of all your devices in a very short time. You only need to charge your smartphone for 25 minutes to get 50% of the battery* and thanks to the optimized Power Delivery charging technology you can charge your phone at the highest speed while taking care of the battery's health.

*Test conducted with an iPhone 12. Values may vary depending on handset and battery capacity.

Multiple devices at the same time

So that charging all your devices at the same time never becomes a problem. Thanks to its 2 USB-A outputs and 1 USB-C output you can connect a charging cable compatible with your device (USB-A to USB-C cable included) to the corresponding port and charge up to 3 devices simultaneously. This external battery fully charges in just 8 hours. It's time to save time and gain commodity!

Universal and multi-device

This battery has been designed to charge any type of device, regardless of whether it is an Apple or Android device. It is also compatible with tablets, smartwatches or even wireless earphones. The current supplied will be adapted to the parameters required by each device, allowing you to charge lower voltage devices without damaging the battery.

Integrated indicators and button

Thanks to its LED indicators and on/off button, you can better manage your Supra powerbank's battery. Keep track of your battery levels and turn it on only when needed, and it will always be ready for any adventure!

TECHNICAL SPECIFICATIONS.

Weight	594 g
