

DESCRIPTION

Give your garden the lighting it deserves with this set of 4 smart beacons that are very easy to control thanks to the TuyaSmart app. Its RGBWIC lighting allows you to synchronise an infinite number of RGB colours and 3000K white light at the same time. These beacons are IP65 protected to protect them from the rain. Very easy to install and even easier to enjoy!

Millions of synchronised colours

The 200 lumens, 12W of power and RGBWIC technology of these beacons allow you to play with the millions of possibilities of RGB colours and their intensities in the way you prefer. Synchronise several colours at the same time or choose 3000K white light and get unique atmospheres for your garden - you choose how to light it!

Control the light from your mobile phone

Turn the light on and off, regulate the power, synchronise it with the music and even programme the lighting hours of your outdoor areas from your smartphone to save energy. All from the comfort of the TuyaSmart or Smart Life apps, making it easy and fun to control the lighting. Available for Android and Apple devices. Also controllable from its integrated remote control or through voice assistants.

Resistant to rain

The IP65 protection of our beacon set means that the weather outside won't be a problem. It doesn't matter if a storm hits, because your outdoor lighting will be protected against all kinds of weather. Just protect the socket... and everything is under control!

Easy to install and use

Thanks to the ground stakes included in this set, placing your beacons on grass or sand will be a piece of cake. Arrange them in the way you like, connect them to the power supply and you'll have the lighting your garden needs in no time.

Expand your lighting

If 4 beacons are not enough, this set gives you the possibility to attach one more set to its 9,5 metres to get double the illumination. Just connect them with one of the connectors, plug one of the sets into the mains... and that's it!

TECHNICAL SPECIFICATIONS.

Dimensions	Ø 6.2cm x 44 cm
Connectivity	Bluetooth + WiFi
Compatibility	Siri, Alexa, Google Home
Material	PC+ABS

Input parameters	12V/3A
Cable length	3 m
Degree of protection	IP65 (Spotlights) IP44 (Socket)
Power	12W
Brightness	200 lm
LED Color	RGBIC
Color temperature	3000K
Lifetime	20,000 h
Beam Angle	110 grados
Voltage	220-240 V/50-60 HZ
APP	Tuya Smart, Smart Life
Length	9.5 m

STRENGTHS

REF. BXOUTL2 EAN: 8427542128238

Recommended retail price: €79.90
