

DESCRIPTION

Urban Smartwatch reinvents itself. This new edition of the coolest watch by Ksix includes ultra-safe magnetic charging and IP68 water resistance. It features a 24-hour dynamic heart rate monitor and a large (1.75) multi-touch screen.

Magnetic charge

Urban 2 includes a magnetic charger, which gives it greater stability while charging, avoiding falls and shocks.

It has a battery life of up to 5 days in rest mode.

Every beat counts

The Urban smartwatch incorporates a 24 h dynamic heart rate monitor that counts every beat constantly, during the entire day and night.

Receives and make phone calls

It access the phone book to make and receive phone calls directly from the smartwatch.

Compatible with M Active 2 app

The Urban smartwatch can be synchronized with the M Active app for a complete tracking of sleeping hours. This way, its possible to analyze sleep quality.

The M Active app app allows to set notifications and alarms to receive them directly in the smartwatch.

Multi-touch screen

The Urban smartwatch has a multi-touch screen. It allows to navigate through the different functions comfortably by swiping the screen up and down.

Several colors

As it should be, the most modern KSIX Smartwatch is available in 3 colors according to the newest fashion trends: white, gold and black.

Vibration and sound alerts

It incorporates a micro vibration monitor and a speaker. Therefore, when receiving a notification, the smartwatch will vibrate and make a sound.

Suitable for swimming

This is a waterproof fitness tracker that can be submerged up to 1.5 meters deep during 30 minutes.
