

DESCRIPTION

The optimal pedestal for your Wallbox Copper SB electric vehicle charger. Discover the new minimalist and elegant model designed to be installed at any charging point and serve as a support for the charger when a wall is not available. It is composed of galvanized steel, weighs 30 kg and measures 170,6 x 35 x 13,5 cm which, together with an IK10 impact protection, grant it great strength and durability. The Eiffel pedestal offers the possibility of using optional accessories, such as the Rain cover or an Extra mounting plate.

At the level of your Wallbox Copper SB charger

An ergonomic and minimalist pedestal, as well as elegant, thanks to its matte finishing and sober design. It is compatible with the Wallbox Copper SB electric vehicle charger model. It optimizes your charging experience by providing an efficiency and comfort plus.

Lightweight, yet resistant

The Eiffel pedestal is very resistant, since it is composed of galvanized steel, which makes it the most durable solution to install the charger in the charging point of your choice. With IK10 impact protection, to place it outdoors without having to worry about anything. It is prepared to work in the most adverse environmental and meteorological conditions.

High degree of integration

This pedestal has a minimalist design, which grants it a very high degree of integration. It has adjusted dimensions of only 170,6 x 35 x 13,5 cm and a weight of 30 kg. Its compact and small size enables it to be installed anywhere without being obtrusive or cumbersome.

For two chargers

The Eiffel Wallbox pedestal allows the installation of a second charger. You will only need an extra mounting plate, which is sold separately. This way, you will be able to use the same pedestal for 2 chargers, which is ideal for people who have more than one electric vehicle.

Easy installation

With an incredibly simple and intuitive installation that will allow you to have your Wallbox Eiffel pedestal ready in the blink of an eye. In addition, you can attach a wide variety of compatible Wallbox accessories such as the Type 1 and Type 2 socket, Berlin Holster Type 1 and the Rain cover for Copper SB.
