

DESCRIPTION

This cable is the perfect companion for your Apple devices with Lightning connector. With MFi certification, you will enjoy seamless charging and syncing on all your compatible devices. Its power of up to 12W and data transmission speed of 480 Mbps ensure a fast and efficient charging and file transfer experience. All this along with a flexible and robust design with great durability.

Made for iPhone

This cable is Made for iPhone (MFi) certified. MFi certified products have passed numerous tests designed by Apple and are a safe and stable charging solution for your devices. Enjoy optimal data transfer, syncing and charging for all your Apple devices with Lightning connector, including iPhone, iPad, AirPods, among many others.

Powerful and fast

This USB-A to Lightning cable supports a power of up to 12W, ensuring fast charging for your devices. And that's not all, it also offers a data transfer rate of up to 480 Mbps so you can transfer large files and sync your devices in the blink of an eye.

Resistant and flexible

This cable is composed of resistant and flexible materials that grant it exceptional durability. All this in a white color design that makes it fit in any space and situation. Its length of 1 meter gives a plus of comfort that makes it very practical when charging and synchronizing your devices.
