

DESCRIPTION

The Contact 1 metre USB-C to USB-C charge and data cable is the perfect choice for those who value speed and convenience when charging and syncing their devices. It supports Power Delivery fast charging technology, offers a power of up to 30 W and a data transfer speed of up to 480 Mbps, ensuring all your devices are always charged and synced.

Charge and sync at full speed

With the USB-C to USB-C Contact cable, your devices will be ready in no time. Thanks to its compatibility with Power Delivery charging technology and up to 30 W of power, you will enjoy fast and efficient charging for all your compatible devices. And with a data transfer speed of up to 480 Mbps, you'll be able to transfer photos, videos and files quickly.

USB-C: The present and the future

The cable features USB-C connectors on both ends, making it the perfect charging and syncing accessory. USB-C is the current and future market standard, which means it is compatible with a wide variety of devices, from Android smartphones or iPhone 15 Series and later, to tablets, earphones and more.

Comfort and durability go hand in hand

With its minimalist design in white and a length of 1 metre, this cable will allow you to charge and sync your devices in total comfort while you use them, free of uncomfortable tethers. In addition, it is made of PVC, a material that guarantees durability and resistance. A cable designed to withstand intensive daily use without problems.
