

DESCRIPTION

Brighten up and bring style to all the spaces in your home with the Ksix Barcelona SmartLED ceiling light. With CCT white shade control and a luminous flux of 11.387 lumens to adapt the lighting according to your preferences and needs. Controllable from your phone thanks to the Tuya Smart app, from which you can enjoy and explore endless functionalities. It is also compatible with voice assistants such as Alexa and Google Assistant. All this alongside a design inspired by the Barcelona flower that will draw everyone's attention.

Total control from your smartphone

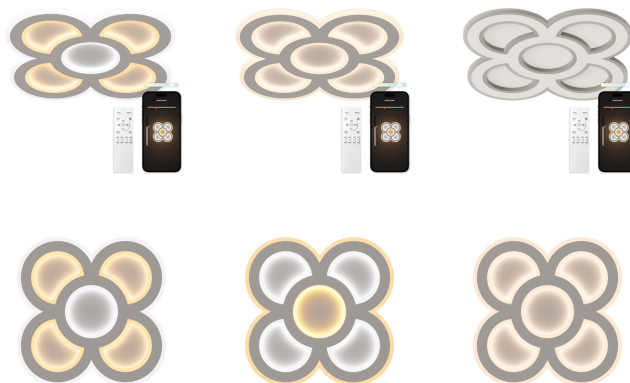

The SmartLED Barcelona ceiling light works with the Tuya Smart app via WiFi connection so you can control all its functionalities conveniently. With simple taps you can change the temperature of the light, as well as increase its brightness and select pre-set scene modes so that the ceiling lamp displays 2 different shades simultaneously. It is also compatible with voice assistants such as Alexa and Google Assistant so you can use all the functions of the ceiling light using simple voice commands. And if your phone has run out of battery or is out of reach, don't worry, the ceiling light includes a remote control to control the lighting.

Unparalleled lighting

The Ksix Barcelona ceiling light features CCT white shade control. You can switch from 3.300K warm temperature to 7.000K cool temperature in a matter of seconds. Thanks to its 11.387 modular lumens and a total of 740 LEDs you will be able to illuminate every corner of your spaces. All this together with a simple and intuitive brightness control that will allow you to adapt the lighting according to your needs and preferences depending on the occasion.

Modernist design

The ceiling light will attract all eyes thanks to its modernist design inspired by the iconic Barcelona flower. With a simple and intuitive installation so you can have it ready in a matter of minutes and dimensions of 40 x 40 x 6 cm that allow it to be easily integrated into any space in the home. In addition, it offers a lifespan of up to 10.000 hours, making it ready to be your faithful lighting companion for many years to come.
