

DESCRIPTION

KSIX 30 W wall charger, PPS, Power Delivery, Ultra fast charge, USB-C + 60 W USB-C to USB-C cable, 1 m, White

Our USB-C charge bundle is the perfect choice to charge all your devices in no time at all. It includes a powerful 30 W USB-C wall charger compatible with PPS and Power Delivery, along with a 60 W 1-metre USB-C to USB-C charge and data cable.

PPS: Smart dynamic charging

Thanks to Programmable Power Supply technology, the charger offers much more efficient and controlled charging than conventional chargers by dynamically adjusting the power output to match the specific needs of the device in real time. This charging technology is compatible with devices such as Samsung Galaxy S20 Series, S21 Series, S22 Series and later; Samsung Galaxy Note 10+; Samsung Note 20 Series and later; Google Pixel 4 Series and later; among others. The charger is compatible with all devices, even if they do not support PPS charging technology.

Power Delivery fast charging

The charging pack offers full-speed charging with Power Delivery, a fast and efficient charging technology optimised for iPhone, Samsung and Xiaomi devices, which also offers compatibility with models from brands such as Google, Realme, OnePlus and many others. This charging technology offers significantly more power than conventional chargers and cables, allowing you to charge your devices at full speed.

30 W USB-C charger

The wall charger included in the pack not only supports PPS and Power Delivery technologies, but also provides an impressive charging power of up to 30 W. The combination of these features ensures ultra-fast and safe charging. In addition, thanks to its USB-C port, it offers full compatibility with a wide variety of brands and devices, ranging from smartphones, tablets, headphones and more.

60 W USB-C to USB-C cable

The 1 metre USB-C to USB-C cable in the bundle supports up to 60 W of charging power and is compatible with Power Delivery technology. This ability to support up to 60 W allows you to use it with other high-power USB-C mains chargers. In addition, thanks to its data transfer rate of up to 480 Mbps, the cable will allow you to sync your devices and transfer files of all kinds in the blink of an eye.

TECHNICAL SPECIFICATIONS.
