

DESCRIPTION

The KSIX Hard Case Folio Cover has been specially designed to protect the iPhone X from accidental impacts and scratches, in the front and behind. Made of polycarbonate, this folio case has a high resistance to impacts, while its bright finishes bring a unique style to the device. A perfect fit Its flex and transparent TPU inner cover adjusts the device to the case in a completely safe way. This inner cover adds an additional protection to the smartphone edges and corners. Book aperture design Its book aperture design keeps the screen protected all the time. On its inner side, the lid includes a card slot to save an ID or credit card.
