ATLANTIS internacional, s.l.

DESCRIPTION

This anti-explosion screen protector it's designed to prevent the smartphone screen from shattering if it receives an impact or accidentally falls to the ground. The product is safe to use. It has a 9H level resistance, the maximum in the hardness scale. Anti-explosion protection Its edges incorporate a fifth extra layer with additional anti-explosion protection. This layer prevents the glass fragments to spread in case of breaking, for higher safety. Ultra-thin with high touch-sensitivity The fifth anti-explosion layer adds an additional protection, while it maintains the transparency and high touch-sensitivity of the protector to the screen touch. High quality tempered glass The screen protector is made of tempered glass. It features high transparency, high sensitivity, delicate touch feeling and ultra-hardness, to protect the smartphone from scratches and external shocks. Shatter proof It is designed to prevent the smartphone screen from shattering if it receives an impact or accidentally falls to the ground. The product is safe to use. It has a 9H level resistance, the maximum in the hardness scale. AF coating AF coating prevents dirt and greasy fingerprints on the screen. Its smooth surface is easy to clean. 3D protector It covers the screen completely, including its edges, for a higher protection. Ksix is a brand from Atlantis Internacional.
