

DESCRIPTION

The USB-A to Lightning Contact 1m charging and data cable is the ideal accessory for Apple device users who need to charge and sync quickly and efficiently. With a supported power of up to 20W, it supports fast charging and offers up to 480Mbps data transfer, ensuring optimal performance for your day-to-day use.

Fast charging and syncing for Apple devices

Designed for efficient charging, this USB-A to Lightning cable delivers up to 20W of power, ideal for taking advantage of fast charging technology on compatible Apple devices. Plus, its 480 Mbps data transfer rate lets you move photos, videos and files in a matter of seconds.

Compatibility with Apple devices

The cable includes a Lightning connector for devices, ensuring compatibility with a wide range of Apple devices, such as iPhone or iPad. It's the perfect accessory to keep your devices always at the ready.

Practical, convenient and durable

With a length of 1 metre, this cable gives you the flexibility to charge and use your devices at the same time, whether you're at home, in the office or on the go. Its minimalist design and TPE construction ensure it is tough enough for everyday use, combining durability and style.
