KSIX 100W Wall Charger, GaN, PPS, Power Delivery, Sustainable materials, (2 x USB-C + 1 x USB-A), White

DESCRIPTION

Extreme power in a compact design. With a total output of 100W, the KSIX 100W charger is the ultimate solution for all your devices. Its dual USB-C ports and USB-A port make it a versatile and efficient option for laptops, tablets, smartphones, and more. Thanks to GaN, Power Delivery 3.0, and PPS technologies, you'll enjoy ultra-fast and safe charging anytime.

Compatible with laptops

This KSIX charger is the best choice for users who need to charge their laptops, as well as other USB-C devices like smartphones. Plus, with its smart power management, you can safely use it with lower-power devices without the risk of overcharging.

Ultra-Fast charging up to 100W

Its USB-C outputs provide up to 100W of power, making it ideal for laptops, tablets, and smartphones. Want more? The USB-A port delivers up to 18W for compatible devices. The combined charging power you need to keep multiple devices ready without losing efficiency.

GaN: More power in a smaller charger

Thanks to gallium nitride (GaN) technology, this charger is more efficient, more compact, and generates less heat than traditional chargers. Perfect for carrying in your pocket or backpack without taking up space.

Power Delivery & PPS: Smart and safe charging

This charger features Power Delivery 3.0, providing optimized fast charging for any compatible device. Additionally, PPS (Programmable Power Supply) dynamically adjusts power output in real-time to maximize efficiency and protect battery life.

Made from sustainable materials

This charger is not only powerful but also environmentally friendly. It is made from 80% recycled plastic, reducing its environmental impact. Additionally, its compact design makes it ideal for carrying anywhere without taking up much space in your bag or backpack.

TECHNICAL SPECIFICATIONS.
