

DESCRIPTION

More power, more speed, and more efficiency in a compact and sustainable charger. The KSIX 30W wall charger provides ultra-fast charging, optimized with Power Delivery 3.0 (PD), PPS, and GaN technology. With two ports (USB-C and USB-A), you can charge up to two devices at the same time, saving time and energy without compromising battery safety. Additionally, it is made from 80% recycled plastic and holds the Global Recycled Standard (GRS) certification, making it an environmentally friendly choice.

Ultra-Fast 30W Charging with Power Delivery

Charge your smartphone, tablet, or any compatible device up to 50% in less than 30 minutes, thanks to the 30W power output of the USB-C port. Power Delivery 3.0 dynamically adjusts power according to your device's needs, optimizing speed without damaging the battery.

GaN Technology: More power in a compact size

This charger is made with gallium nitride (GaN), a material that improves energy efficiency and reduces overheating. The result? More power in a compact and lightweight design, perfect for carrying with you everywhere.

Smart charging with PPS: Maximum efficiency

Featuring Programmable Power Supply (PPS) technology, this charger adjusts the output current in real time, providing a more efficient and safer charge. Ideal for Samsung Galaxy, Google Pixel, and other PPS-compatible devices.

Dual ports for simultaneous charging

Charge two devices at the same time without losing power: -USB-C (30W): Compatible with Power Delivery and PPS for ultra-fast charging. - USB-A (18W): Ideal for standard cables. - Combined Charging: USB-C + USB-A with a total output of 5V-3A, perfect for charging two devices simultaneously.

Made from sustainable materials

This charger is not only powerful but also environmentally friendly. It is made from 80% recycled plastic, reducing its environmental impact. Additionally, its compact design makes it ideal for carrying anywhere without taking up much space in your bag or backpack.

TECHNICAL SPECIFICATIONS.

Color	White
Type of charge	Ultra fast charge
Max. Output (W)	30W
Technology	GaN + PD + PPS

Shape

Ergonomic

Packaging

Recycled carton
