KSIX Ring Display – 38 x 34.5 x 36 cm – Display of 3 colours – Testers in 6 sizes with retractable anti-theft system

DESCRIPTION

The KSIX Ring Display has been designed to showcase the KSIX Saturn smart ring range in a practical and secure way. It features a transparent inner box with a locking mechanism, displaying the three available colours, each housed in its own charging case. It includes a size tester system with 6 rings attached by retractable anti-theft cables, offering a safe and convenient experience for the user.

Backlit Header

The sales message is integrated into the display's upper header, which is backlit to attract attention at the point of sale (power cable included). The inner base also includes visible product information, without lighting.

Transparent Inner Box

Displays the three available models neatly and attractively, each placed inside its charging case, enhancing the visual presentation.

Size Testers with Anti-Theft System

Includes six tester rings with a retractable system, allowing customers to try different sizes without compromising product security.
