

## DESCRIPTION

Power, speed and full compatibility in the palm of your hand. The KSIX charger combines USB-C Power Delivery 3.0 (20W) and USB-A Quick Charge 3.0 (18W) to charge everything from iPhone® and Samsung® smartphones to tablets, wireless headphones, handheld consoles and eBooks in record time. It includes a 1m, 60W USB-C to USB-C cable for fast and safe charging across all your compatible devices. GaN technology delivers more performance in a smaller size. Perfect for home, the office or when you travel.

### Universal compatibility with USB-A and USB-C ports

From the latest iPhone® or Samsung® to tablets, handheld consoles, headphones or wireless speakers: with its USB-C (20W) and USB-A (18W) ports, you get total compatibility to keep your devices always ready. Enjoy one charger for everything!

### A cable that does much more

More than just a cable, it's your hassle-free solution for charging and transferring. Charge your smartphone or tablet thanks to its 60W USB-C to USB-C connection, offering great compatibility. You can also transfer files, photos and videos between devices in seconds with 480 Mbps Data transfer speed.

At 1 metre long and finished in minimalist white, it's perfect for home, work or carrying in your bag. A must-have that always saves the day!

### Ultra-fast charging with Power Delivery 3.0

Say goodbye to long waits: with PD 3.0 on the USB-C port, you'll get charging up to three times faster than a standard charger. Charge your phone to 50% in just half an hour. Plus, Power Delivery technology intelligently adjusts output to protect your battery, ensuring maximum performance.

### Instant power with Quick Charge 3.0

On the USB-A port, Quick Charge 3.0 technology (18W) speeds up charging for compatible devices, letting you get them charged much faster than a standard charger. Ideal for quick top-ups when time is short, always caring for your battery's health and safety. Keep your devices ready whenever you need them!

### GaN: more power in a smaller size

This KSIX charger's GaN (gallium nitride) technology offers greater energy efficiency, less overheating and superior charging speed — all in an ultra-compact size. More power in less space.

### Small, minimalist and durable design

Lightweight at just 42.7 g and measuring 45.5 × 28.2 × 57 mm, its white minimalist design fits any environment — from your desk to your travel bag. Made with PC and ABS, it combines strength and durability. Designed to keep up with your everyday life!
