

DESCRIPTION

Power, speed, and full compatibility in the palm of your hand. The KSIX charger combines USB-C Power Delivery 3.0 (20W) and USB-A Quick Charge 3.0 (18W) to charge everything from iPhone® and Samsung® smartphones to tablets, wireless headphones, handheld consoles, and eBooks in record time. It includes a 1m USB-C to Lightning cable with fast charging up to 27W, ideal for your Apple® devices. Thanks to GaN technology, you get more power in a compact size. Perfect for home, office, or travel.

Universal compatibility with USB-A and USB-C ports

From the latest iPhone® or Samsung® to tablets, handheld consoles, headphones, or wireless speakers: with its USB-C (20W) and USB-A (18W) ports, you have total compatibility to keep your devices ready. Enjoy one charger for everything!

A cable that does much more

Say goodbye to long waits: with the 1m USB-C to Lightning cable, you can charge your devices quickly with up to 27W power. Designed for complete safety and compatibility, it ensures an easy charging experience. Its white 1m design is perfect for use at home, office, or on the go. And it's not just charging: it also transfers your photos, videos, and files in the blink of an eye, thanks to its 480 Mbps speed.

Ultra-fast charging with Power Delivery 3.0

Say goodbye to long waits: with PD 3.0 on the USB-C port, you get up to three times faster charging than a conventional charger. Charge your phone to 50% in just half an hour. Plus, Power Delivery technology smartly adjusts the power to protect the battery, achieving maximum performance.

Instant power with Quick Charge 3.0

On the USB-A port, the 18W Quick Charge 3.0 technology speeds up charging for compatible devices, getting them charged much faster than a standard charger. Ideal for quick top-ups when you're short on time, always caring for your battery's health and safety. Keep your devices ready to go!

GaN: power in a reduced size

The GaN (gallium nitride) technology in this KSIX charger offers higher energy efficiency, less overheating, and superior charging speed... all in a super compact size! More power in less space.

Small, minimalist, and durable design

Lightweight at just 42.7 g, with dimensions of 45.5 x 28.2 x 57 mm, its white minimalist design fits any environment, from your desk to your travel bag. Made from PC and ABS, it combines strength and durability. Designed to accompany you every day!
