

DESCRIPTION

Take power with you everywhere without worrying about running out of battery. The KSIX 65W ultra-fast charger combines power, versatility and convenience to charge everything from your smartphone to your laptop. With a 65W USB-C port, a 60W USB-A port, and a 65W 70cm retractable USB-C cable built-in, you'll always have fast charging ready. Equipped with Power Delivery, PPS, Quick Charge 3.0, and GaN technology, it's the compact charger you need for your daily life.

Power and convenience in one charger

Forget bulky chargers and tangled cables. This charger with USB-C and USB-A ports for laptops features a 65W USB-C port, a 60W USB-A port, and a 65W retractable USB-C cable that stores away easily. Its design keeps clutter at bay and ensures ultra-fast charging whenever you need it. Much more versatile than conventional chargers, it's perfect for travel, office, or everyday use.

USB-C with Power Delivery and PPS

Make the most of every minute with smart, optimised charging. The USB-C port and built-in retractable cable support Power Delivery and PPS, adjusting power output based on the device. Charge a smartphone up to 50% in just 30 minutes or power your laptop without overheating the battery. With up to 65W, this ultra-fast USB-C charger delivers speed, safety, and longer device lifespan.

USB-A with Quick Charge 3.0

The 60W USB-A port with Quick Charge 3.0 offers much faster charging than standard chargers. Perfect for mobiles, tablets, or compatible accessories, it gives you hours of use from just a few minutes of charging. It also automatically adjusts power to protect battery life and optimise performance. Ideal as a fast smartphone charger in any situation.

GaN Technology: power and efficiency

Lightweight, compact, and powerful. This 65W GaN charger uses gallium nitride to deliver excellent performance with smaller size and better heat dissipation. It consumes less energy and keeps charging stable even at high power levels. It's the perfect choice for those seeking a reliable, easy-to-carry compact charger for laptop and mobile.

Compatible with all your devices

One charger for all your gear. Works with iPhone®, Samsung®, Huawei®, Google Pixel®, iPad®, Nintendo Switch®, and laptops like MacBook Air®, MacBook Pro®, Dell XPS®, HP Spectre® or Lenovo ThinkPad®. With its 65W and 60W power outputs and advanced charging technologies, you'll have power for everything with just one accessory.
