Mibro GS Pro 2 Smartwatch, Padel statistics, GPS, 5ATM, 1.43" AMOLED screen, 20-day battery life, Grey

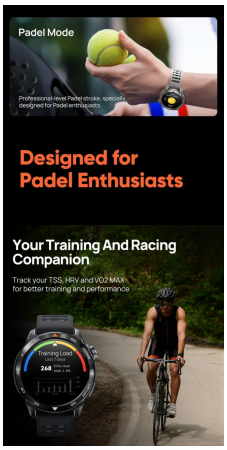

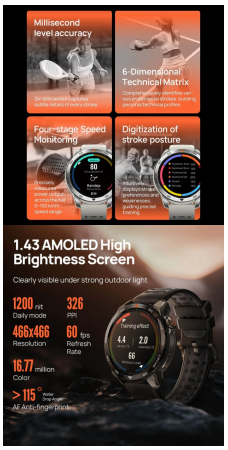

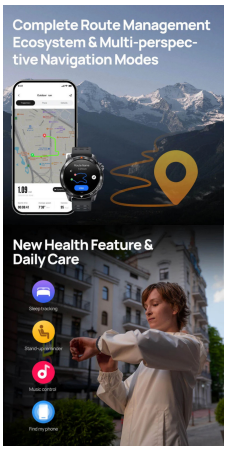

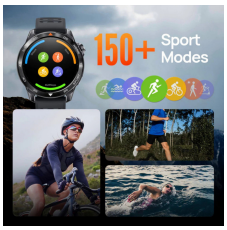

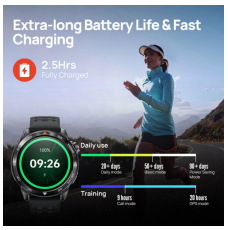

DESCRIPTION

The Mibro GS Pro 2 smartwatch accompanies you on every adventure. Its dual-frequency GPS with compass and barometer offers extreme precision in the mountains, at sea or in the desert. It exclusively incorporates a state-of-the-art paddle tennis mode that provides technical analysis with millisecond precision, ideal for better understanding each movement. Thanks to its 6-dimensional data matrix, it monitors posture, speed and game rhythm in four key phases, making it a powerful tool for those looking to improve their performance in both training and competition. Access more than 150 sports modes, monitor your health in real time and stay connected wherever you are. Plus, enjoy its 1.43".

Enjoy GPS and Digital Compass

With just one tap, navigate safely using the digital compass and receive smart alerts. Import GPX, KML, and TCX files to store up to 10 offline routes, complete with deviation alerts and dual map views. It also syncs with Strava to keep you on track. Its dual-frequency L1+L5 GNSS improves signal by 200%, finds satellites 50% faster, and increases accuracy by 20%, ensuring reliable tracking anywhere.

Dive In with 5 ATM Water Resistance

Practice a wide range of water sports and move freely every day thanks to its 5 ATM water protection. Its special design shields the speaker, ensuring clear audio so you can take calls even underwater. Enjoy every adventure without losing connection or clarity—wherever you are.

A Revolution in Sport Modes: Paddle and More

Train and improve with every session with advanced features. This smartwatch has a specific mode with automatic transition for swimming, cycling and running, with a unified data centre. It supports multiple distances such as sprint, Olympic or freestyle. Plus, over 150 sports modes, including the exclusive paddle tennis mode.

This paddle tennis mode offers technical analysis with millisecond precision, ideal for better understanding each movement. Thanks to its 6-dimensional data matrix, it monitors posture, speed and rhythm of play in four key phases. A powerful tool for those who want to improve their performance, both in training and in competition.

Monitor Your Health on Every Adventure

Perform at your best while keeping your health in check. Monitor heart rate, blood oxygen, and sleep quality. Enjoy breathing exercises, movement reminders, and personalized health alerts. Feeling good is the foundation of every sport and adventure.

Durable Design and Screen Clarity

Built to endure any sport or route you choose. This smartwatch is made to follow you on any adventure, striking the perfect balance between lightness and strength. What's the secret? A 316L stainless steel bezel and a fiberglass-reinforced nylon case with an average thickness of 3 mm. Premium materials that withstand impacts, extreme weather, and your drive to explore.

And the display doesn't fall behind! See every detail, even under direct sunlight, with its 1.43" AMOLED screen, 466x466 resolution, and peak brightness of 1200 nits. It also features an anti-fingerprint AF coating and allows touch interaction even underwater.

Endless Battery Life

Travel, train, and explore without worrying about recharging. The Mibro GS Pro 2 offers up to 20 days of daily use, 45 days in basic mode, and 20 hours of active

GPS. All thanks to its high-capacity battery and Mibro OS 2.0 system. More battery life means more freedom!

Product Dimensions

- Case: 48 mm, thickness 12 mm. Material: 316L stainless steel + (PA+GF) + Dual colors
- Display: 1.43” AMOLED, 466 x 466 px, multi-touch. Material: Glass.
- Strap: 246 mm (dark grey), 265 mm (white). Both measurements include the case. Universal 22 mm straps. Material: Liquid silicone.

If used in the sea or swimming pools (both freshwater and saltwater), it is recommended to rinse the watch with fresh water afterward due to the corrosive effects of chlorine or salt. If the watch includes an auto-drain feature, using it after rinsing is also advised.

TECHNICAL SPECIFICATIONS.

Color	**Gray**
