KSIX USB-C to USB-C charge and data cable 60W, Braided, Aluminium alloy, 1 m, Black

DESCRIPTION

The KSIX 60 W cable combines strength, power and compatibility to make your day easier. Its braided finish and aluminium alloy connectors ensure durability against constant use, while its 60 W output delivers fast charging for smartphones, tablets and even lightweight laptops. In addition, its 1-metre USB-C to USB-C format offers maximum versatility and stable data transfer for all your daily needs.

Braided cable with aluminium connectors

The high-quality braided jacket of the KSIX 60 W USB-C cable withstands daily wear and pulls, preventing tangles and breakage. The connectors, reinforced with an aluminium alloy casing, add extra strength for everyday use. At the same time, its flexible and smooth finish makes it easy to handle and ideal for bending. Built to last, it's the perfect accessory for your everyday routine.

60 W Power for ultra-fast charging

Stop wasting time waiting for your devices to charge. With 60 W of power and 3 amps of current, this cable guarantees fast and efficient charging for smartphones, tablets and lightweight laptops. Its compatibility with Power Delivery 2.0 ensures each device receives the right amount of energy, always providing maximum speed with complete safety.

Universal USB-C connectors

One cable for everything you need. With its 1-metre USB-C to USB-C ports, it offers universal compatibility to charge Android® smartphones, iPhone®, tablets, headphones and many other devices. Its size is ideal for use at home, in the office or while travelling, always delivering stable performance.

Fast and convenient data transfer

More than just charging, this cable also allows you to transfer data reliably and efficiently. Move photos, videos, music or documents in seconds with speeds of up to 480 Mbps. No need to choose between charging or transferring: the KSIX 60 W cable gives you both in one!
