KSIX USB-A/USB-C to USB-C/Lightning 240W charge and data cable, Ultra-fast charging, Braided, 1 m, Black

DESCRIPTION

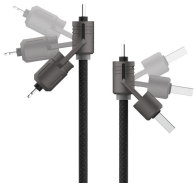

The KSIX 240 W cable is designed to make your life easier, combining versatility, power and durability. With its foldable connectors you can use it across all types of devices, from Android® smartphones and iPhone® to laptops. Its 240 W output ensures ultra-fast charging, while the smart chip and braided design guarantee safety, resilience and stable data transfer.

4-in-1 Foldable connector

Enjoy a cable that adapts to every situation. Its 4-in-1 system allows one end to act as USB-A or USB-C, while the other can be USB-C or Lightning. Simply unfold the connectors to switch and you're ready to go. Charge Android® smartphones, iPhones®, earphones, tablets and even laptops without carrying multiple cables when you're out or travelling.

Extreme power with Ultra-fast charging

Forget about slow charging: with a total power of 240 W and 5 amps, this cable is perfect for everything from small accessories to high-performance laptops. Its compatibility with Power Delivery 3.1 ensures each device receives exactly the right amount of power to operate at full speed. It delivers safe, efficient charging wherever you are.

Smart safety with IC E-market Chip

Your peace of mind comes first. The KSIX 240 W Cable integrates an IC E-market chip that manages the supplied energy in real time, preventing risks of overcurrent, overvoltage or overheating. Thanks to this advanced protection system, every charge is safe, protecting both your devices and the lifespan of their batteries.

A durable cable for everyday use

This cable stands out not only for its power, but also for its strength. The connectors are reinforced with a zinc alloy casing that withstands daily use, while the braided nylon cable adds resistance against pulls and bends. With a length of 1 m, it's the ideal size for use at home, in the office or on the go.

Fast and stable data transfer

More than just charging, this cable also lets you transfer files smoothly. With speeds of up to 480 Mbps, you can move photos, videos, music or documents quickly between devices. No need to choose between charging or transferring: the KSIX 240 W Cable gives you both in one.
