KSIX Eco-Friendly Case For Galaxy S10e Blue

DESCRIPTION

Eco-Friendly case The Eco-Friendly case is more than just a case because, besides protecting the smartphone from impacts and scratches, it helps protect the planet. It's made of wheat, is biodegradable and more respectful with the environment. 100% biodegradable and eco-friendly The Eco-Friendly case helps protect the planet. It's made of wheat and biodegradable, and it's capable of decompose naturally. In an enabling environment, it can be decomposed by biological organisms such as bacteria, fungi and algae, and becoming food for the soil. Protection against impacts and scratches It protects the smartphone while being friendly with the environment. It has a flexible and resistant structure, to prevent accidental scratches and impacts to damage the smartphone. Soft touch The Eco-Friendly case has a very nice soft exterior finishing. It keeps the smartphone free from fingerprints and accidental scratches. It's also very easy to clean. Plastic-free packaging The packaging that contains the Eco-Friendly case is recyclable and 100% plastic-free. We collaborate with Bosquia Forests are the biggest weather regulators and balancers: they boost rains, generate oxygen, clean the atmosphere and are essential for life. Because we understand how important trees are to our planet, we collaborate with Bosquia in the creation of a forest made up by 80 native trees in Huelva, Spain.
