

DESCRIPTION

The Fitness Band THERMOMETER HR has a temperature sensor to control your body temperature during the entire day. The multi-sport mode can track the duration, steps and heart rate during any sports activities in real time.

Counts every heart beat

Its 24-hour heart rate monitor keeps a continuous register of the heart beat during the entire day, to make sure the exercise range when doing any activity is optimum.

Submersible up to 1-meter depth

The Fitness Band THERMOMETER HR is not only water resistant, but also submersible up to 1-meter depth during 30 minutes.

Compatible with Wearfit 2.0

Using the Wearfit 2.0 free app you can sync the Fitness Band THERMOMETER HR to a smartphone, to check the information about the physical activity registered by the band and make the most of it.

With the Wearfit 2.0 app you can set sports goals and check how much is left to achieve them. Its also possible to count the sleep hours and analyze their quality, set alarms and notifications.

Ksix is a brand from Atlantis Internacional. It has the largest collection of accessories designed to make the most of mobile devices.
